Good News

So full of strife, misery and anxiety, it's good to be able to get the pleasant news that comes in the ads.

About a light-hearted summer turban... sportswear coolly stolen from the men... a refreshing hot weather beverage...

A pipe that promises a smoke-treat... a light straw hat for the steaming brow...

The ads are reminders that life can't all be woe... reminders to be as normal and comfortable as possible... reminders to which you can sensibly respond. For the ads lead you to sound values.
